## Information about the service

### Service description

Wi-Sky Queensland fixed wireless services are a fixed wireless broadband data-only service that provides you with internet access via Wi-Sky Queensland's fixed wireless network ("Wi-Sky Queensland's Network").

### Equipment required

This plan is only available with a suitable Wi-Sky Queensland fixed wireless installation. You can bring your own compatible router to provide WIFI and other networking services although one will be supplied as part of your installation.

### Service availability

The Wi-Sky Queensland fixed wireless services is not available in all areas or to all premises. Availability is subject to a service qualification check which we will perform when you request to sign-up. The technology used to deliver the service will depend on the location of your premise and will be determined by Wi-Sky Queensland.

## Installation & Setup

Your Wi-Sky Queensland fixed wireless broadband service will be installed by an installer from Wi-Sky Queensland. If you are advised by Wi-Sky Queensland that additional works such as trimming trees is required, you will need to arrange for and pay for any associated works directly via a third party. You must be over the age of 18 to have Wi-Sky Queensland fixed wireless broadband installed. If you are the owner of the property you must provide consent for Wi-Sky Queensland to install the service. If you are not the owner of the property or if you live in a strata property you must obtain owner consent or strata approval for installation.

## Plan speed

Speeds on these plans are variable and you will experience slower speeds than the maximum connection speed available, particularly during peak times (9am-5pm). Actual speeds will vary. The performance and speed of your service depends on a number of factors such as: Plan choice, location, the number of devices connected to your network, modem type quality and positioning, Wi-Fi performance, in-building wiring, content accessed, the technology used to deliver your service, how much capacity Wi-Sky Queensland has purchased, our network and internet traffic demand. To find out more information on speed and whether this plan is suitable for your usage needs, please refer to the Regional Tech Nub at <https://regionalttechhub.org.au/get-connected/discover-internet-options/>

## Plan changes

You can change your service speed tier by moving to a different plan. There are no penalties or fees for moving between plans. You can change your Plan once per bill cycle. If you change your plan, you'll receive your selected plan straight away, and the new monthly charge for your plan will apply from the next month.
